EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the specification, page 1 line 5, the phrase -- which is now US Patent 6,676,318-- has been inserted after "10/26/2001".

The change serves to correct the obvious error in the Preliminary Amendment filed 12/15/2003 (see the attached page) and places the case in condition for allowance.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The primary reason for allowance claim 14 is that the prior art of record does not teach a printer having a housing and a cover pivotable between an open and a closed position overlying a tray which is pivotally attached to the housing and extended out of the housing in an operational position and is contained in the front wall of the housing in a non-operational position.

The primary reason for allowance claim 24 is that the prior art of record does not teach a method of reducing the footprint of a printer including the step of pivoting a tray into a printer in

a non-operational position in which a cover attached to the housing overlies the tray so that the front wall contains the tray; and that the tray extends outside of the housing in a printer operational position.

The limitations in the claims are not rendered obvious by any proper combination of the prior art known to the Examiner.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
